OBJECTIVE

My interest in the role modern computational power can have on the human experience has drawn me into the field of Computer Science—to gain a deeper more holistic understanding of how people can leverage computing resources to shape the world around us.

NOTABLE CS PROJECTS / EXPERIENCE WITH TOOLS

ASP.NET/MVC 5 Framework

Worked on **multiple projects** using this framework for various class assignments.

- Dynamic web-page scripting
- Database connection
- Cloud deployed

Version-control

Used Git to **manage** multiple projects source code.

- Git BASH work flow
- Forking and Pull requests

Databases

- Information Security & Assurance
- Azure cloud deployed database

Misc. Tools

- Linux flavor OS's
- Information Systems

PERSONAL STRENGTHS

- Ability to collaborate well and work with a crew on time sensitive projects
- Fast learner and eager to apply/further develop my skill set
- Reliable and committed to schedule

STRONG LANGUAGES

- C++ (3 Years)
- HTML/CSS/JS (1 Year)
- C# (1 Year)
- SQL (1 Year)
- Python (1 year)
